Luster Medallion Wall Light

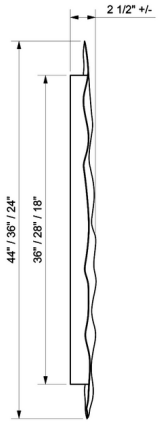

By Ridgely Studio Works

Description

Hand-formed from an aluminum sheet, the Luster Medallion is both a sculptural wall element and a source of warm indirect lighting. The circle is back-lit by an integrated LED module, giving off a subtle glow around its perimeter. Its unique, pronounced crumples result in a one-of-a-kind piece with striking texture. Choose a mirrored finish for a radiant gleam or a matte finish for understated allure.

Shown in satin brass
