## Eclipse Wall Sconce

By Roll & Hill

### Description

The Eclipse Wall Sconce is inspired by the celestial phenomenon of the eclipse with a dome-shaped shade lit from behind by an integrated LED light source. This corona-like effect produces dramatic lighting while shielding the light source from view to reduce glare. The sconce is available with a fixed or adjustable depth, which can be changed to adjust the size of the halo on the wall.

### Specifications

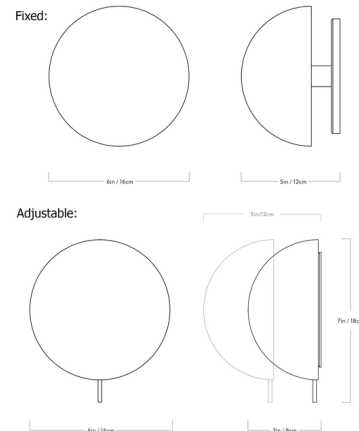

COLOR	N/A
