Gridlock Pendant

By Roll & Hill

Description

The repetition of structural forms gives the Gridlock Pendant a Brutalist-inspired look that will make a striking statement in any interior. The pendant is constructed from thousands of tiny brass pieces which have been arranged into a tiered, square frame. Gridlock is an eye-catching statement piece that is perfect for adding a sense of grandeur to an entryway, dining room, or lobby. Includes 35 inch downrod that can be cut to length on-site. Note: Due to the weight of the fixture, the 38 inch size requires additional ceiling support.

Shown in brass
