Knotty Bubbles Chandelier

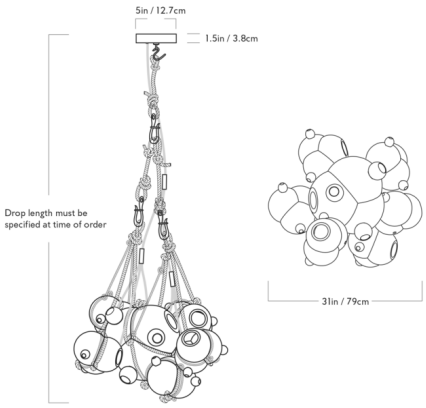

By Roll & Hill

Description

The Knotty Bubbles Chandelier is a sculptural light that will enhance any room with nautical style. A cluster of glass diffusers reminiscent of underwater bubbles or floating buoys is supported by a tangle of rope that adds a unique textural accent. The pendant is attached to the rope with carabiner clips to add to the nautical motif. Note: The overall height from the ceiling to the bottom of the pendant must be specified at time of order. Due to the weight of the fixture, additional ceiling support is required.
