Knotty Bubbles Chain Pendant

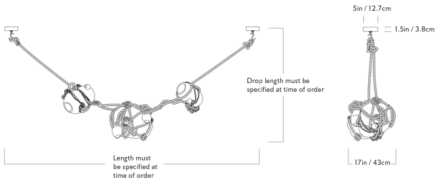

By Roll & Hill

Description

The Knotty Bubbles Chain Pendant is a sculptural light that will enhance any room with nautical style. The glass diffusers' curving forms are reminiscent of underwater bubbles or floating buoys, and they are supported by a tangle of rope that adds a unique textural accent. The suspension's elongated form is perfect for creating a dramatic display of light, particularly when multiple pendants overlap and intersect. Note:The total length from end to end and drop length from the ceiling to the bottom of the pendant must be specified at the time of order.

Shown in natural / opal
