Knotty Bubbles Pendant

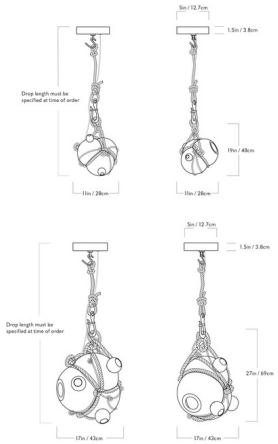

By Roll & Hill

Description

The Knotty Bubbles Pendant is a sculptural light that will enhance any room with nautical style. The glass diffuser's curving form is reminiscent of underwater bubbles, and it is supported by a tangle of rope that adds a unique textural accent. The pendant is attached to the rope with a carabiner clip to add to the nautical motif. Note: The overall height from the ceiling to the bottom of the pendant must be specified at time of order.
