Knotty Bubbles Wall Sconce

By Roll & Hill

Description

The Knotty Bubbles Wall Sconce is a sculptural light that will enhance a wall with nautical style. The glass diffuser's curving form is reminiscent of underwater bubbles, and it is supported by a tangle of rope that adds a unique textural accent. The coastal motif is also echoed in the sconce's backplate which holds the rope on a cleat similar to those used to tie boats to a pier.
