Pole Floor to Surface Lamp

By Roll & Hill

Description

The Pole Floor to Surface Lamp features an LED strip housed within a thin, curving aluminum rod for a minimalist, modern aesthetic. The LED strip lines the interior of the lamp's arching form to elegantly illuminate the space below. Pole can be used to create dramatic, sculpture-like installations and introduce dynamic visual interest to an interior. The Pole Floor to Surface Lamp is available as a plug-in floor lamp with an unpowered wall mounting or as hardwired fixture mounted to a junction box on the wall with an unpowered floor base. There is no on/off switch for the plug-in version; the lamp must be plugged or unplugged at the socket to operate. The hardwired version can be dimmed with ELV, Triac, or 0-10V dimmers.

Specifications

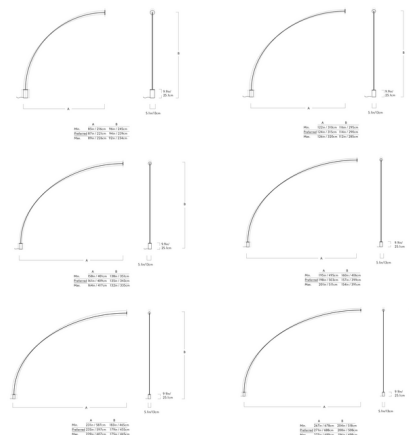

COLOR N/A
BODY FINISH Black
