Pole Ceiling to Wall Light

By Roll & Hill

Description

The Pole Ceiling to Wall Light features an LED strip housed within a thin, curving aluminum rod for a minimalist, modern aesthetic. The LED strip lines the interior of the lamp's arching form to elegantly direct light upwards and produce a gentle glow on the wall and ceiling. Pole can be used to create dramatic, sculpture-like installations and introduce dynamic visual interest to an interior, especially in a grouping of multiple, crisscrossing fixtures.
