Moonrise Chandelier

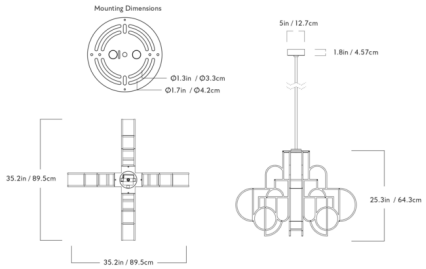

By Roll & Hill

Description

The Moonrise Chandelier features an assortment of round and half round shapes in a playful, symmetrical arrangement. The curvilinear shapes are inspired by the phases of the moon, and they appear to shift and change as the chandelier is viewed from different angles. Integrated LEDs within acrylic diffusers produce an ethereal glow that will make Moonrise the center of attention in any space.Included 35 inch downrod is adjustable on site.
