## Delta Ceiling Light

By Roll & Hill

### Description

The Delta Ceiling Light was originally designed for Inness, a Hudson Valley hotel and resort that takes its design cues from the surrounding environment. This rustic setting and traditional 18th-century lanterns inspired Delta's shape, which has been pared down to its essential elements for a distinctly modern look. Three metal panels act as louvers to soften light from the fixture's integrated LED light source to produce a pleasant glow.
