Perle Pendant Chandelier

By Visual Comfort Modern

Description

The Perle Pendant Chandelier exudes luxury and sophistication. Soft white glass globes hand-blown in Italy are linked together and brilliantly illuminated by integrated LEDs, creating a beautiful strand of light that can be hung straight down in pendant form or draped between two mounting points. Interweave individual strands to create a stunning, dramatic light sculpture in your residential or commercial space. Depending on fixture size, various driver and voltage options are available: Sizes 24, 36, and 48: Junction Box Driver: Includes a driver to be installed in the junction box. 120V: TRIAC or ELV dimmable. 277V: 0-10V dimmable. 120-277V: TRIAC, ELV, or 0-10V dimmable. Sizes 84, 108, 132, and 240: Remote Driver, 120V: Includes a driver to be installed in an accessible remote location. TRIAC or ELV dimmable. Remote Driver, 277V: Includes a driver to be installed in an accessible remote location. 0-10V dimmable. Surface Driver, 120-277V: Includes a driver to be installed in the canopy. TRIAC or ELV dimmable. The remote and junction box driver options offer a minimal ceiling look due to the low-profile canopy. For the most minimal appearance, the optional mud-in canopy kit (sold separately) can be used with a remote or junction box driver option.

Specifications

COLOR Soft White
BODY FINISH Polished Nickel
WATTAGE 39.2W
DIMMER Low Voltage Electronic
DIMENSIONS 2.8"W x 93.1"H
INTEGRATED LED MODULE 1 x LED/39.2W/120-277V LED
COUNTRY OF ORIGIN China

Technical Information
