San Miguel Chandelier

By Boyd Lighting

Description

The San Miguel Chandelier was inspired by the bells of San Miguel de Allende church in Mexico. The chandelier's flower-shaped frame is accented with nearly 1000 brass droplets dangling from a mesh backing. The drops are finished in Satin Brass on one side and Polished Brass on the reverse to create an elegant sparkle as they reflect the light. A slight breeze will cause the drops to move and produce an gentle singing like a wind chime. Overall height specified to order: 42 inch minimum to 66 inch maximum. Note: Due to the weight of the fixture, additional ceiling support is required.

Shown in blackened brass / satin brass / polished brass
