Spire Leaf Multi Light Pendant By Boyd Lighting

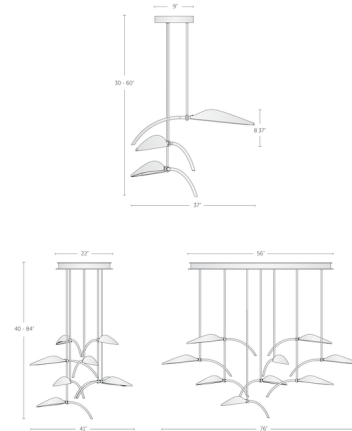

Description

The Spire Leaf Multi Light Pendant combines architectural and organic influences for an elegant look that will make for a stunning visual centerpiece in any space. The pendant's porcelain shades are inspired by the shape of church steeples, while the curving brass stems are reminiscent of falling leaves. The shades can be oriented on site to direct the light and ensure the pendant illuminates the space with natural ambiance. **Note:** Due to the weight of the fixture, the 72 inch W pendant requires additional ceiling support. Overall height specified to order: 37 inch pendant from 30 to 60 inches, 72 inch pendant from 48 to 84 inches.

Shown in satin brass / white
