Spire Wall Sconce

By Boyd Lighting

Description

The Spire Wall Sconce draws upon architectural influences to create an elegant, sculptural expression. The pointed porcelain shade is inspired by towering church steeples and is supported by turned brass bracket arm. An integrated LED light source within the brass rod directs light into the shade, which then reflects outwards to provide pleasant ambient lighting. Note: For installation, the sconce requires a deep 3.5 inch octagonal j-box or the driver must be mounted remotely.

Shown in antiqued boyd brass / white

Specifications

COLOR White
BODY FINISH Antiqued Boyd Brass
WATTAGE 6W
DIMMER 0-10V
DIMENSIONS 5"W x 20.37"H x 3.62"D
