Vinton Wall Sconce By Generation Lighting

Description

The Vinton Wall Sconce seamlessly bridges the gap between traditional and contemporary styles in its simple design. Its slightly tapered etched glass shade with white interior is supported by a clean metal frame and casts a soft, inviting glow across the room. Whether you are transforming your master bedroom into a luxurious retreat or adding a sense of refinement to your guest suite or a hallway, Vinton elevates your space with just the right touch of timeless appeal. Fixtures that include a bulb are Energy Star rated and Title 24 compliant.

Shown in brushed nickel / etched glass
