Midi Picture Light

By Kichler

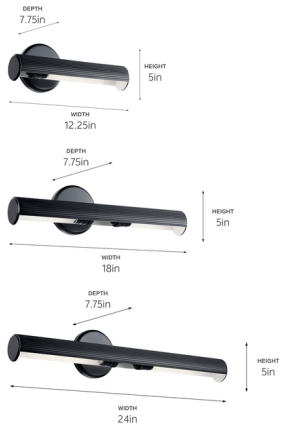

DAMP

Description

The Midi Picture Light combines refinement and practicality, illuminating your wall space while enhancing the room with its sleek form. Subtle ribbing on its cylindrical shade adds a thoughtful finishing touch. The arm pivots up and down for adjusting light direction, and a gloss white shade interior reflects the light out. The Midi is perfect for intimate lighting settings such as over bookcases or shelving, over framed artwork, or in a small bar area or powder room.
