Cumulo Pendant

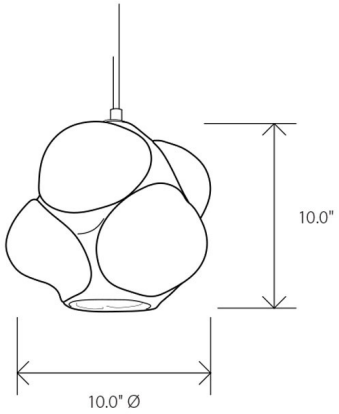

By Siemon & Salazar

Description

The Cumulo Pendant is inspired by curves and voluptuous forms. Created from molten dollops of glass attached to a central core then blown out to diffuse the color and form bulbous cloud-like shapes. Made in California and signed by Caleb and Carmen.Note: Hand blown and shaped, no molds are used, and each glass shape is unique. Dimensions, weights, and color will vary slightly.

Shown in black / grey
