## Pylon Chair

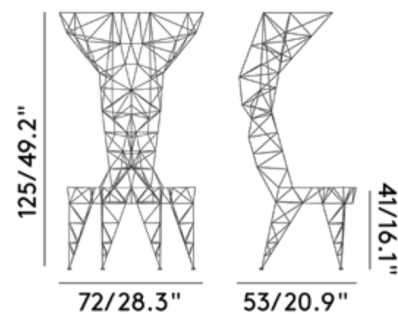

By Tom Dixon

### Description

The Pylon Chair was originally designed in the early 1990s as Tom Dixon's attempt at creating the world's lightest metal chair. Pylon is a celebration of the triangle as a geometric form, which has been repeated throughout the chair's structure in a lattice-like network to provide support. The thin steel rod and open space between them gives the chair a light, airy aesthetic.

Shown in white

### Specifications

COLOR	N/A
BODY FINISH	White
WATTAGE	N/A
DIMMER	N/A
DIMENSIONS	28.34"W x 49.21"H x 20.86"D
BULB	N/A

### Technical Information

PRODUCT DIMENSIONS . . . . . Seat Height: 16.1"
