Cole Outdoor Wall Sconce

By Troy Lighting

Description

Artfully wrapped into a tube-like shape, the metal frame of the Cole Outdoor Wall Sconce leaves a slender opening for light to escape, allowing for a mesmerizing play of shadows and illumination. The organic feel of the silhouette is contrasted by the robust Textured Black finish, which provides a bold appearance. Cole is a unique and artful exterior fixture. Dimmable via Triac or electronic low voltage (ELV) dimming.

Shown in textured black
