Tri-Fold Gen2 Color-Select LED Mirror

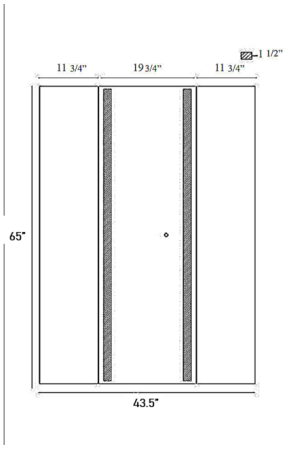

By Eurofase

Description

The Tri-Fold Gen2 LED Mirror offers a sleek design, featuring a pair of back lit LED strips placed in the center mirror and a tri-fold option for optimized viewing angles. A touch sensor switch is used to turn the light on and off and to choose the color temperature--6400K, 4500K, or 3000K. Pressing and holding the switch dims the lumens.

Shown in chrome
