Ixa Table Lamp

By Artemide

Description

The Ixa Table Lamp offers an elegantly balanced aesthetic with a spherical lamp head supported by a slim, angled stem. The sphere attaches to the base magnetically, allowing it to be freely rotated to aim light precisely where it is needed. Ixa's integrated LED light source can be controlled with the built-in dimmer switch on the lamp head, and excess cord can be hidden with the base. With its flexibility and timelessly simple silhouette, the Ixa Table Lamp can be repurposed and reinterpreted to fill a variety of functions.
