Stellar Nebula Floor Lamp

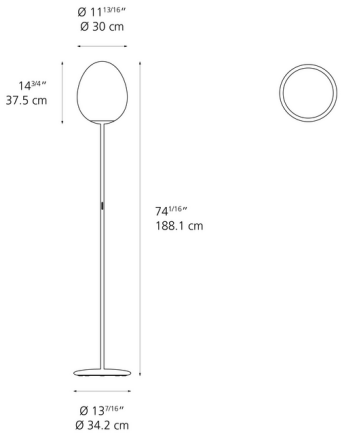

By Artemide

Description

Immerse your space in ethereal beauty with the Artemide Stellar Nebula Floor Lamp, a truly innovative interpretation of traditional glass manufacturing. This stunning fixture features an organically-shaped, blown glass diffuser, each one unique and bearing the subtle imperfections that speak to artisanal craftsmanship. The magic truly unfolds as the glass is treated with a specialized dichroic finishing process, creating a mesmerizing multicolored sheen that shifts and shimmers with every angle, evoking the vastness and wonder of a cosmic nebula.The lamp is anchored by a sleek, polished aluminum base that not only provides stability but also brilliantly reflects its surroundings, further enhancing the Stellar Nebula's whimsical and dynamic display of light and color. This floor lamp is more than just a light source; it's a living sculpture that constantly interacts with its environment, bringing a touch of contemporary wonder and transitional elegance to any living room, entryway, or lounge space.

Shown in polished aluminum / dichroic gradient
