Times Color Select Wall Sconce

By Beacon Lighting

Description

The Times Wall Sconce exudes elegance with its simple silhouette and natural Spanish alabaster construction. The stone's soft hues and veining combined with the clean lines of the rectangular profile create a unique look with both classic and modern appeal. Energy-efficient LED light shines from inside to illuminate the stone and cast a soft ambient light into your space. Color temperature (CCT) can be set to 3000K, 4000K, or 5000K using a mechanical or relay on/off wall switch. It cannot be adjusted using a semi-conductor on/off switch (e.g. smart switch). With its IP44 rating, this wall light is suitable for a range of settings including living rooms, kitchens, and bathrooms. This item is part of the Made by Mayfair premium collection.
