Osten Color Select Wall Sconce By Beacon Lighting

Description

The Osten Wall Sconce blends artistry and illumination, made of a Spanish alabaster disc diffuser with a circular metal accent in the center. The natural veining and soft tones of the stone offer a classic touch, while the clean geometric profile provides modern appeal. Place a pair of these lights on either side of a fireplace or in an entryway to add ambient illumination with contemporary flair. Color temperature (CCT) can be set to 3000K, 4000K, or 5000K using a mechanical or relay on/off wall switch. It cannot be adjusted using a semi-conductor on/off switch (e.g. smart switch). This item is part of the Made by Mayfair premium collection.
