## Clara Small Outdoor Portable Lamp

By Contardi

### Description

The Clara Small Outdoor Portable Lamp lets you bring light wherever you go. Combining traditional references with strong contemporary notes, its design transforms light into an architectural element that enhances the surrounding environment. A Vienna straw-like resin shade surrounds the LED light source which snaps into place using magnets. Light gets filtered through the cylinder shade, casting an inviting glow into your outdoor space. Twisting the light source component switches it on and off. The light lasts 7-8 hours on a full charge, and charging takes 4 hours. A USB-C to USB charging cable is included. Note: A wall charger or other power source with USB port is required but not included.
