Clara Outdoor Portable Lamp

By Contardi

Description

The Clara Outdoor Portable Lamp lets you bring light wherever you go. Combining traditional references with strong contemporary notes, its design transforms light into an architectural element that enhances the surrounding environment. A Vienna straw-like resin shade surrounds the LED light source which snaps into place using magnets. Light gets filtered through the oval shade, casting an inviting glow into your outdoor space. Twisting the light source component switches it on and off. The Clara can also be used as a smaller lantern, by pulling the light source out by the handle. Carry it with you to find your way in the dark, or place it on a ledge or table to create a pool of light. The light lasts 7-8 hours on a full charge, and charging takes 4 hours. A USB-C to USB charging cable is included. Note: A wall charger or other power source with USB port is required but not included.

Specifications

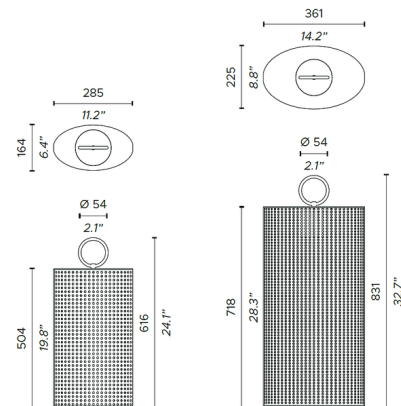

COLOR Vienna Straw Effect
BODY FINISH Bronze Lacquered
WATTAGE 3W
DIMMER N/A
DIMENSIONS 11.2"W x 24.1"H x 6.4"D
