Fleur Portable Table Lamp

By Foscarini

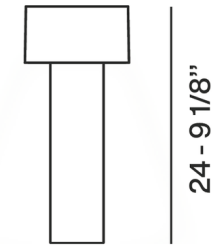

CE

Description

The petite, rechargeable Fleur Portable Table Lamp blends poetry and function in its simple form. Its clear borosilicate glass can be filled with water and used as a vase to display beautiful flowers. A glossy ABS collar with light source sits atop the glass, adding a subtle accent to the design and casting warm LED light downards, highlighting the glass and surrounding surfaces. A small touch dimmer button under the collar is used to turn the light on/off and set brightness to 30%, 70% or 100%. The light lasts for 7 hours on a full charge at the brightest setting. A USB-C to USB charging cable is included. The initial charge takes 12 hours, and subsequent charges take 4.5 hours. Note: A wall charger or other power source with USB port is required but not included.

Shown in clear / sage
