Majestic Nights Wireless Table Lamp

By Lladro

Description

The Majestic Nights Wireless Table Lamp is inspired by the spirit of the Thousand and One Nights, the charm and mystery of an age-old culture, of refined, delicate and magical art. The geometric decoration and painstaking ornamentation is the source of inspiration for a collection conceived for celebrations around the table or to create a warm, welcoming atmosphere. Crowned by a crescent moon in golden luster. The lamp has a LED module integrated in the base. Adjustable intensity through the touch switch on the module. An estimated autonomy of 7 hours. A full charge of 4 hours must be done before the first use. After this initial charge, to make it portable, the cable should be removed and it will run on battery power, independent of a power source. Includes a 39.3 inch White USB Cable.
