PH 5/5 Pendant By Louis Poulsen

## Description

The PH 5/5 Pendant will add a clean decorative touch and emit comfortable diffused light to your interior space. Originally created in the 1920s, Poul Henningsen's iconic three shade system was designed to reduce uncomfortable glare while maximizing the output and quality of light. The PH 5/5 Pendant is available with a black aluminum shade to direct light downwards, or a white opal glass shade with black aluminum cap which allows more light to escape through from the sides of the pendant.

Shown in black / black
