Bolton 3-Arms Color-Select Floor Lamp

By Adesso

Description

The Bolton 3-Arms Color-Select Floor Lamp features tall antique brass pole and trio of matching arcing stems are anchored securely by a round brown marble base. Topping each stem is a dome-shaped antique brass shade with an articulation point, allowing you to direct the light wherever it's needed. For added versatility, each arm can be moved and adjusted to suit your needs. A convenient touch switch located on the pole gives you full control of the lighting brightness and color temperature at the touch of a finger with CCT select-ability ranging between 2700k - 5000k, while the three integrated 7W LED lights are softened by frosted diffusers.

Shown in antique brass / brown marble / frosted
