## Abacus Table Lamp

By Jamie Young Company

(65)

## Description

Masterfully carved of mango wood, this attractive, uncomplicated Abacus Table Lamp was inspired by the beads on ancient counting devices. The wood base is slightly textured and semi sheer, revealing the beauty of the sustainable hardwood beneath. Each is topped with a tapered shade in creamy linen and a coordinating wood finial. Includes a 3-way socket switch.

Shown in natural wood / off white linen
