Skylight LED Mirror

By Oxygen

Description

The Skylight LED Mirror is truly a marvel, fusing Italian design with cutting-edge technology to redefine the bathroom mirror. Its exclusive GHOST Lighting technology conceals the light source when switched off, maximizing the functional reflective area of the mirror. The lights in the different sections of the mirror can be activated separately, and they feature CCT selectability (4000K or 6000K) and dimmability for creating the perfect environment. These settings are controlled using the intuitive touch sensor near the bottom of the mirror. The Skylight is also built with a defogger that keeps the mirror crystal clear even in the steamiest of environments. A sleek integrated matte black shelf along the bottom provides extra space to place your things, seamlessly merging style with practicality.

Specifications

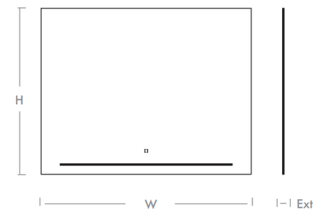

COLOR Mirror
BODY FINISH Black
WATTAGE 122.6W
DIMMER Included
DIMENSIONS 48"W x 36"H x 1.188"D
INTEGRATED LED MODULE 1 x LED/122.6W/120V LED
COUNTRY OF ORIGIN China
