M64 Pendant

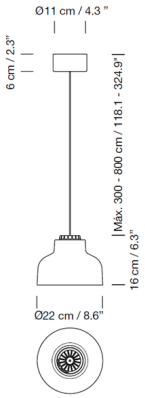

By Santa & Cole

Description

In 1964 this light was awarded the Golden Delta, the highest distinction for an industrial product in Spain. Fifty years after this achievement, the M64 Pendant was re-released with its HeadLed LED system to offer the best light quality and efficiency. Available in a range of colors, the shade is made of painted aluminum with a white interior, polished aluminum, or polished brass, with a translucent diffuser inside. The M64 embodies timeless design with its contoured shade, blending seamlessly into a range of residential and commercial applications. The finish option (Black or White) indicates canopy color, and the adjustable length cord is available in 118.1 inch and 315 inch lengths.

Shown in black / vanilla
