Rib Outdoor Modular Sofa

By Sibast Furniture

Description

The Rib Outdoor Modular Sofa features a refined silhouette crafted from teak wood for a timeless look that will complement any outdoor space. The chair's base is crafted from wooden slats in teak wood, which possesses a naturally high oil content, making it resistant to the elements. Plush Quick Dry Foam cushions upholstered in UV and water resistant textile make Rib perfect for outdoor use, and the sofa's modular design allows for endless configurations to suit any space. Rib's meticulous craftsmanship and minimalist form pay homage to the Golden Age of Danish design and carry on the tradition for a new era.

Shown in teak wood / light grey
