No. 7 Lounge Chair

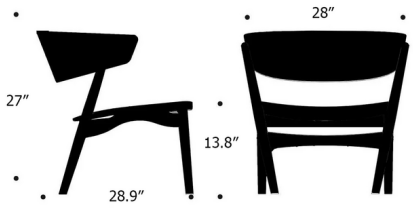

By Sibast Furniture

Description

Inspired by Helge Sibast's No. 7 Chair from 1953, the No. 7 Lounge Chair is a modern rework of the classic designed by Ditlev and Anna Sibast. The lounge chair pays homage to the original design by echoing its curving, molded backrest and gently tapered oak legs but offers a lower and wider seat for a relaxed, comfortable feel. The No. 7 Lounge Chair's organic silhouette and expert craftsmanship make it a worthy successor to the rich tradition of Danish Modern design.The No. 7 Lounge Chair is available in a variety of leather and finish options. Dunes leather is an aniline leather with a matte surface that shows natural markings, and it will patina to a smoother and shinier finish with use and time. Victory leather is a protected leather with a more uniform surface grain and few visible natural markings. Spectrum is a semi-aniline leather with a light finish that resembles fully aniline leather while providing a greater degree of protection from stains and fading.
