## No. 7 Wooden Seat Dining Chair By Sibast Furniture

## Description

Originally designed in 1953 by Helge Sibast, the No. 7 Dining Chair features a unique character and bold shape that have made it an icon of Danish Modern design. With a background in cabinetmaking and an interest in challenging traditional methods of woodworking, Sibast incorporated an arching molded veneer backrest into the design to provide outstanding comfort and define the chair's distinctive look. The seat is supported by a solid wood frame with gently tapered back legs, giving the chair an elegant expression that will complement modern and retro interiors alike.
