## Tragus Pendant By Corbett Lighting

### Description

Taking cues from the faceted shapes found in Noz Nozawa's jewelry design sketches, the Tragus Pendant resembles a gem suspended on a necklace. The design features a faceted inner clear glass shade and a curved outer glass in light bronze, striking a balance between intrigue and approachability. The inclusion of decorative metal detailing and a mariner chain, developed specifically for Noz, enhances the illusion.

Shown in vintage brass / light aged bronze
