## Bezel Wall Light By Corbett Lighting

### Description

Originally inspired by superflush jewelry settings, where a stone is set into densely cast metalwork, the Bezel Wall Light is bold and glamorous with a sleek, decorative design. The Luna glass shades, etched on the inside, allow the LED light to radiate through, creating an enchanting glow. A Vintage Brass finish adds an extra layer of elegance to this captivating fixture. Can be mounted vertically or horizontally. Dimmable via Triac or electronic low voltage (ELV) dimming.
