Kable Lite Slimline Conductive Turnbuckles By Visual Comfort Architectural

Description

Slimline turnbuckles provide tension to the cable run. Use on runs of no more than twenty feet in length. Mount to ceiling or wall. When ceiling mounted, cables drop 1 inch from the ceiling. Use the 1.5 inch washer (included) for ceiling mount support on runs over ten feet. Order isolating slimline turnbuckles when mounting to a metal surface or metal studs. Finish in Satin Nickel. Sold as pair. ETL listed.
