Millerton Wall Light

By Hudson Valley Lighting

Description

Style meets innovation in the sleek Millerton Wall Light. Solid glass rods are perfectly imperfect, with seedy bubbles and chill marks lit from the ends. The resulting visual effect is a gradual wash of light that emanates both upwards and downwards. Equipped with energy-efficient LED lighting. Note: This fixture does not mount to a standard junction box - a 2x4 inch junction box is required. Dimmable via Triac or electronic low voltage (ELV) dimming.
