Edgemere Wall Light

By Hudson Valley Lighting

Description

A modern air lantern design with a bold architectural silhouette is the Edgemere Wall Light. In lieu of a central light source, LED strips are integrated into the cage of Edgemere itself. A rectangular panel of alabaster is attached to each arm, creating a geometric array of light within the piece. The sleek mixed materiality feels grand and traditional with a futuristic edge. Note: This fixture does not mount to a standard junction box - a 2x3 inch junction box is required.

Shown in aged brass / alabaster
