Livadia Chandelier

By Kichler

Description

Inspired by the organic nature of branching plant formations, the Livadia Chandelier breathes new life into the traditional. Its sculptural silhouette spirals upward, while its candlesticks pop at the top like budding flowers. Each arm reunites at the center column, resting on the body and creating a layered effect. This subtle asymmetric design dynamically changes as you move throughout the room, giving you and your guests a different perspective, no matter the location.
