Limbus Eye Table Lamp

By Lumina Italia

CE

Description

Despite its simple expression, the Limbus Eye Table Lamp utilizes precision metalworking and glass engineering to offer a perfect blend of form and function. Taking its name from the Latin word for edge or border, the pendant is composed of two Bohemian crystal glass hemispheres encircled by a metal band to create a stylish orb reminiscent of a glowing star in the night sky. The lower glass hemisphere houses the light source and has been engineered to direct light while reducing unpleasant glare. The body of the orb can be rotated freely on the base, allowing light to be aimed in any direction. Push dimmer switch on cord. Note: The lamp base is not included and must be purchased separately.

Shown in black / crystal

Specifications

COLOR	Crystal
BODY FINISH	Black
WATTAGE	5.4W
DIMMER	Included
DIMENSIONS	4.72"W x 4.72"H
INTEGRATED LED MODULE	1 x LED/5.4W/120V LED
COUNTRY OF ORIGIN	United States
