Perdue Portable Lamp

By Lumina Italia

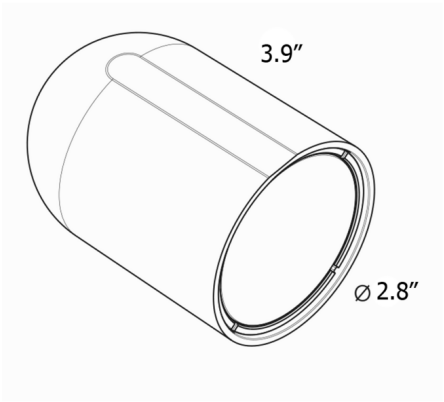

CE

Description

The Perdue Portable Lamp features a small cylindrical body with a built-in LED and rechargeable battery that allow it to be placed wherever its light is needed most. A magnet inside the lamp allows it to be easily placed on a metal surface, and a sensor within the lamp detects a magnetic field to automatically turn the lamp on when it comes into contact with a metal surface. A built-in dimmer allows the the brightness to be adjusted with a simple tap on the diffuser. A range of accessories for Perdue to magnetically mount to are available, allowing the lamp to be easily used as a table lamp, wall sconce, or pendant. Available in sets of 2 or 6 lights. Mounting accessories sold separately.

Shown in silver
