Algorithm Diamond Pendant with Recessed Canopy

By Vibia

Description

The Algorithm Diamond Pendant with Recessed Canopy, designed by Toan Nguyen, fuses beauty and geometry to create a magical expression. Hand blown glass spheres of light cascade from a diamond-shaped tubular frame for a dramatic look. This fixture includes a recessed canopy to be installed within the ceiling. The maximum thickness of the ceiling drywall is 1 inch, and 6.125 inches of clearance within the ceiling are required. The cables below the pendant's frame are fixed in length; only the cables from the frame to the ceiling can be adjusted.

Shown in graphite / clear
