Tempo Oval Wall Sconce

By Vibia

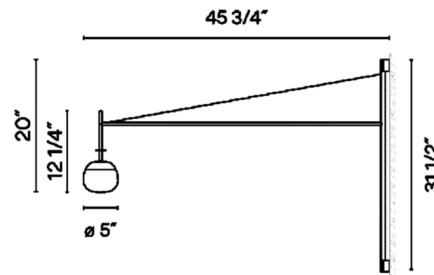

Description

The Tempo Oval Wall Sconce is inspired by luminance and the interplay between translucence, transparency, and opacity. The glass globe diffuser is supported by a long, linear arm. The arm swings 160 degrees to aim light precisely where it is need. The sconce includes a wall canopy to mount over a junction box. A cable from the bottom of the sconce to the canopy allows the fixture to be mounted away from the canopy, but it is not a plug-in sconce.
