Tempo Diamond Wall Sconce By Vibia

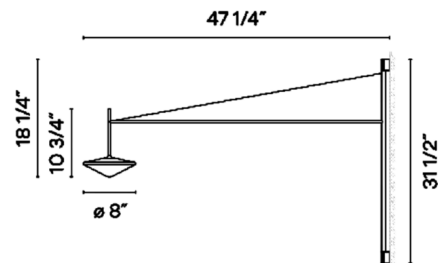

Description

The Tempo Diamond Wall Sconce is inspired by luminance and the interplay between translucence, transparency, and opacity. The tapered glass diffuser is supported by a long, linear arm, which swings 160 degrees side-to-side to aim light precisely where it is need. The sconce includes a wall canopy to mount over a junction box. A cable from the bottom of the sconce to the canopy allows the fixture to be mounted away from the canopy, but it is not a plug-in sconce.
