Array Cylindrical Pendant

By Vibia

Description

A striking pendant of impressive proportions, the Array Cylindrical Pendant is an exploration of thread and its potential to create lightweight and dynamic sculptures of light. Fine threads are pulled taut between two rings, forming a variety of silhouettes that can be combined to create a compelling installation in commercial and residential spaces. The matte black metal rings are complemented by the soft hue of the threads, available in refined tones that suit a variety of contemporary palettes. The Array emits a pleasant diffused downlight from a concealed light source in the lower ring. At the same time, an indirect light washes upwards, creating a color gradient within the threads, and enveloping rather than invading the space it occupies. Note: The 28.75 inch height is only available with 14.5 or 21.5 inch width. Green shade is not available in all sizes. A surface canopy is included. Some images do not show the canopy.

Specifications

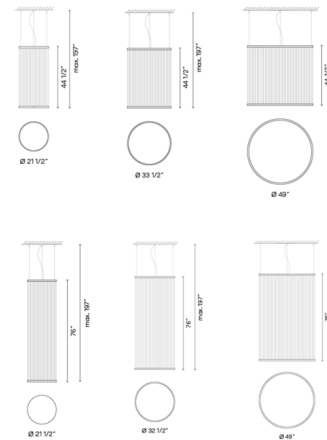

COLOR Beige
BODY FINISH Matte Black
WATTAGE 33W
DIMMER 0-10V
DIMENSIONS 21.5"W x 44.5"H
INTEGRATED LED MODULE 1 x LED/33W/120-277V LED
COUNTRY OF ORIGIN Spain
