# Lassell Chandelier

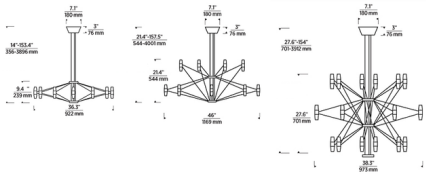

By Visual Comfort Modern

## Description

The Lassell Chandelier is a striking focal point in modern spaces with its angular frame and hint of mountain lux style. Delicate metal arms extend from the central hub, holding laser-etched crystal diffusers that create dimension and texture as LED light passes through. Place this piece in an entryway to welcome your guests, or in a living area or dining room to create a chic environment. This item is made of natural brass, a living finish that will patina and warm over time, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.

Shown in natural brass / clear
